

# Hydroponic Board Pressure Washer

Centre Table LTD.  
(Group A22)

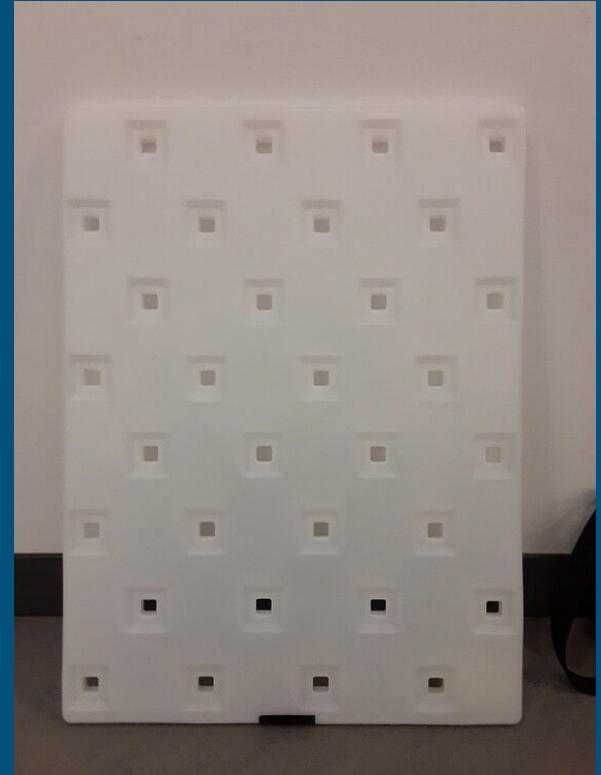

Neal Anzengruber, Jordan Malench, Abdullah Hammad, Jon Plater

# The Problem

---

- Growcer hydroponic units
- Heavy algae build-up
- Oxygen/nutrient deprivation
- 6-8 hours of cleaning per week

# User Requirements

---

- Boards must be visually clean
- Easy to use
- Cut manual labour in half
- Fit in allotted space

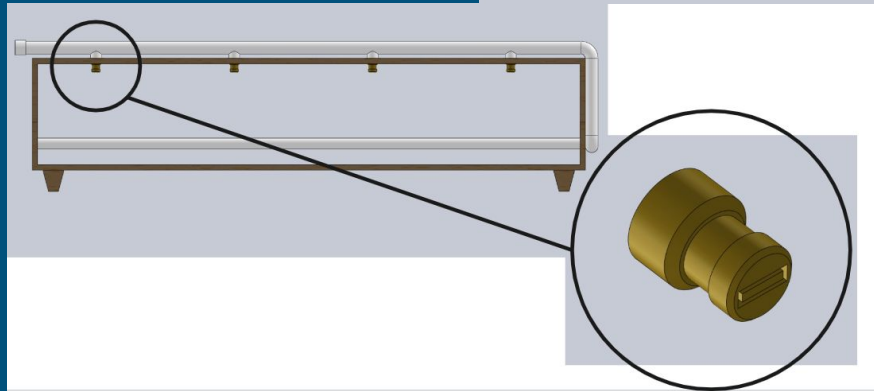

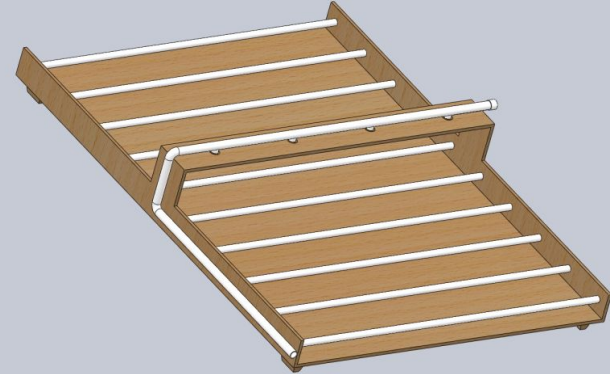

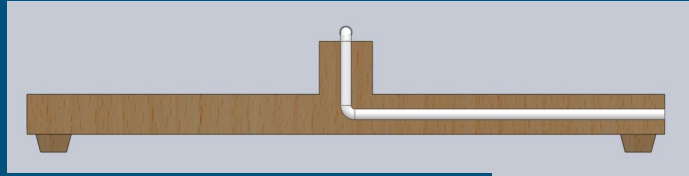

# Potential Solutions

---

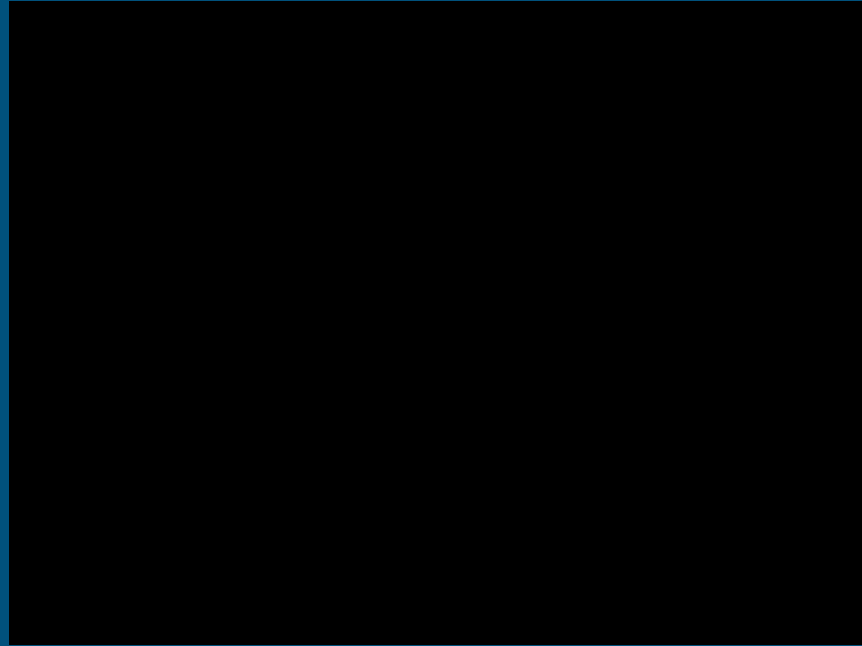

# Our Solution

- 2 step cleaning process
- Gravity/rollers to move boards
- Pressure washing jets
- Enclosed system

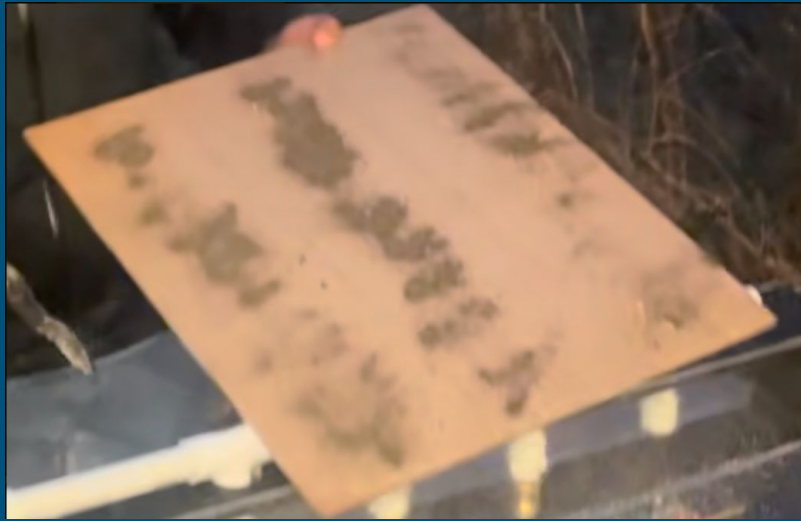

# Demonstration

---

# Before and After

---

# Thank You!
